Excise Energy Tax Proposed Rule Changes

Dear Stakeholder,

Executive Order 2011-01K and Senate Bill 2 of the 129th General Assembly require state agencies to draft rules in collaboration with stakeholders, assess and justify any adverse impact on the business community, and provide an opportunity for the affected public to provide input on the rules.

As part of the Department's five-year rule review process, the Excise & Energy Tax Division proposes the following rule changes:

Rule Number Proposed Change

5703-15-02 Revised to correct citations to the Ohio Rev. Code.

5703-15-03 Revised to remove references to meter impression and unutilized portions of this rule.

5703-15-04 Revised to remove references to meter impressions and the Treasurer of State.

5703-15-05 Revised to remove references to meter impressions.

You can view the proposed rules, along with the Business Impact Analysis (BIA) instrument, [here](#).

All comments regarding the proposed rule changes or the BIA should be sent to [Laura Stanley, Division Counsel, Commercial Activity and Excise Taxes, and the Common Sense Initiative Office](#) by October 31, 2014.

Thank you,

The Ohio Department of Taxation
