Taxation

Motor Fuel Retail Shrinkage Refund Claim Form Filing Extension

This message is to inform all motor fuel tax taxpayers, retail dealers, and practitioners that the Department has extended the due date of the January through June 2016 Motor Fuel Retail Shrinkage Refund Claim Form from October 31st, 2016 to November 30th, 2016.

Please review all transactions detailed within the claim form. If all details are correct, please submit the claim immediately. To expedite the review process, the Department urges claimants to use the Ohio Business Gateway (OBG) to submit their claims. However, Taxation will also continue to accept claims submitted by mail.

Please note, if a claimant does not agree with the gallons being reported on their behalf, they must contact the dealer directly. The dealer must file an amended return to properly report the sales figures before the claimant can be refunded the correct amount of shrinkage.

Please contact the Excise and Energy Tax Division at 1-855-466-3921 with any questions.
