Next Taxation webinar coming May 18th Register Today

You Are Cordially Invited . . .

I would like to welcome you to join with the Ohio Department of Taxation and a few hundred of your fellow Ohioans at our next -- and still free -- Ohio Virtual Tax Academy on **Wednesday, May 18.**

Since we began offering this quarterly webinar in December 2013, the Ohio Virtual Tax Academy has been enthusiastically received by the business and tax professional community and the public.

If you're not familiar, the Virtual Tax Academy is a half-day, on-line learning event. It is designed for small businesses, tax professionals or anyone interested in learning how to interact effectively with Ohio's tax system.

Senior staff from the department will be discussing a variety of topics including:

- An overview of the Public Utility Personal Property tax and how taxable value is established for that property.
- Record keeping requirements, the electronic filing system, and other tax issues impacting the transportation industry.
- Ohio's residency standard for the Income Tax and an overview of how Pass-Through Entities can best navigate the state tax system.

The program will run from 8:10 a.m. – 12:00 p.m. There is no cost to attend and the course content qualifies for continuing education credits (3.0 C.L.E. credits and 3.5 C.P.E. credits).

You are welcome to call my office if you have any questions. That number is (614) 466-7560. If you would like to attend, please register at the following link:
