## Overview

Pursuant to Ohio Administrative Rule 5703-23-01, a permit holder must file a return and make a payment electronically beginning with the report for the racing day beginning on or after January 1, 2015.

Ohio Business Gateway (OBG) has been accepted as the means to electronically file the return and is also a valid method of making electronic payment. This presentation will cover how to properly file your return and make payment. Below are a few important facts to know prior to beginning:

- A return must be filed for each racing day
- The returns must be filed in consecutive date order
- A separate return will be filed for live racing and simulcast racing
- The live return must be filed prior to the simulcast return
- Payments can be made ACH Debit through the OBG or ACH Credit can be setup through the Ohio Treasurer of State's Office

These instructions include the updates that have been made with the October 26, 2015 upgrade that has been completed.

If at any time you have questions in regards to your filing and/or payments, please feel free to contact us directly.

Excise and Energy Division – (855) 466-3921

### Transaction Confirmation and Receipt

Company Name  
Company ID

The following transactions will be sent to the respective agency that administers the service. Please note the session confirmation number when calling the OBG Help Desk (866-644-6468).

If your transaction(s) includes payment, please note that this confirmation acknowledges that payment instructions have been received, but it does not acknowledge that funds have been transferred from your account. Payment instructions may not be processed for reasons that include insufficient funds and prohibited or blocked payments. You should review your account statement to insure that funds have been transferred (settled). For ACH debit payments, settlement is projected to be two business days after the date of this confirmation (or the selected deferred payment date, if applicable). If the date falls on a weekend or holiday, settlement is projected to be two business days after the next business day. The actual settlement date is dependent upon the processing timelines of the agency and their bank.

If multiple agencies are being paid, payment instructions will be processed separately so you will see multiple entries on your account statements.
