

CIGARETTE TAX AND OTHER TOBACCO PRODUCTS

An excise tax on cigarettes has been levied in Ohio since 1931. In 1981, cigarettes became subject to the Ohio sales tax. The rate increased to 18 cents per pack on July 15, 1987. House Bill 904 increased the rate to 24 cents per pack effective January 1, 1993.

House Bill 904 enacted an excise tax on other tobacco products effective February 1, 1993. These products include cigars, chewing tobacco, snuff, smoking tobacco, and other tobacco products. The tax is levied on the wholesale price of any other tobacco product manufactured in Ohio or imported into Ohio that is to be sold for resale at retail. The rate is 17 percent of the wholesale price. During fiscal year 2001, other tobacco tax liabilities totaled \$23.4 million.

The excise tax on cigarettes is made up of two separate levies on each cigarette: one levy of 1.15 cents and the other .05 cent for a total of 1.2 cents per cigarette, or 24 cents per standard package of 20 cigarettes. The tax is paid primarily by wholesale dealers through the purchase of stamps or meter impressions (tax indicia) that are affixed to cigarette packs. Retailers, individuals, and other consumers are responsible for paying the tax on cigarettes not taxed at the wholesale dealer level. The Ohio Tax Commissioner can authorize dealers to purchase the tax indicia on credit payable within 30 days during July through April.

The 1.15 cents levy is credited to the state general revenue fund while receipts from the .05 cent tax are earmarked for retirement of educational, recreational, and public building construction bonds. Since there are currently no outstanding bonds, all cigarette tax collections go to the general revenue fund. In fiscal year 2001, total receipts were \$262.8 million (not including other tobacco products).

In 1986, the Ohio General Assembly gave authorization to county governments to levy a permissive tax of .225 cent per cigarette (4.5 cents per package of 20) for the purpose of funding the operation or servicing the debt of a sports facility operated by the county or a development corporation. Cuyahoga County en-

acted such a levy at the maximum rate effective August 1, 1990. The Department of Taxation administers and collects the tax, distributing the collections to Cuyahoga County on a monthly basis. The levy produced revenues of \$5.1 million during fiscal year 2001.

All state cigarette tax exemptions and credits apply to the county levies. The state collects the county levies through sales of tax indicia for cigarettes to be sold in Cuyahoga County. These collections are returned to Cuyahoga County in the month following their collection. The Department of Taxation retains two percent of the collections for administrative expenses.

Any payment due on cigarettes not previously taxed is included. Others who have untaxed cigarettes file a monthly use tax return along with their tax.

DISCOUNT (R.C. 5743.05):

As a consideration for affixing and cancelling cigarette stamps and meter impressions, retail and wholesale dealers receive a discount of 3.6 percent of the face value of stamps and meter impressions. Other tobacco product taxpayers receive a 2.5 percent discount for timely payment of taxes.
