

INDIVIDUAL INCOME TAX—SCHOOL DISTRICT

In 1981, the Ohio General Assembly granted school districts the authority to levy an income tax. Certain provisions of that law were repealed in 1983 so that no additional school districts could levy the tax. Any school district enacting the tax before August 3, 1983 could continue to levy the tax. Prior to the repeal, voters approved the tax in six school districts, one of which repealed the tax through voter referendum in 1986. In 1989, the General Assembly reinstated provisions of the original law allowing additional school districts to levy the tax.

The school district income tax is imposed on the incomes of residents and estates of persons who at the time of their death were residents of the school district. The Department of Taxation administers the tax. Collections are made through employer withholding, individual quarterly estimated payments, and annual returns. During Fiscal Year 2004, total net collections for all districts were approximately \$156 million, after deductions for administrative costs and refunds, as shown in the table in this chapter. In FY 2004, there were 133 school districts (out of 612 in the state) levying the tax.
