Disposition of Revenue

All revenues from the state sales and use tax are initially deposited in the General Revenue Fund. However, each month a percentage of all general fund tax revenue³ is deposited into the Public Library Fund. One half of this amount is credited against the state sales tax portion of General Revenue Fund revenues.

Payment Dates

Monthly returns:

Due by the 23rd day of the month following the reporting period.

Semi-annual returns:

Due by the 23rd day of the month following the close of the semi-annual reporting period; this method of payment may be authorized for vendors and sellers whose tax liability is less than \$1,200 per six month period.

Quarterly returns:

Consumer use tax accounts and direct pay accounts by the 23rd day of the month following the reporting period if monthly liability is under \$5,000. Otherwise, consumers must remit tax monthly.

Vendor discounts:

Vendors and out-of-state sellers are allowed a 0.75 percent discount for timely payment.

¹ Before January, 2008, 4.2 percent of sales tax revenue was deposited in the Local Government Fund and 0.6 percent was deposited in the Local Government Revenue Assistance Fund each month. Thereafter, this column refers to deposits into the Public Library Fund.

² Includes distributions to the Attorney General Claims Fund.

³ Permanent law calls for the Public Library Fund to receive a 2.22 percent share of all tax revenue into the state's General Revenue Fund. A provision of House Bill 1 (2009) temporarily reduces this share to 1.97 percent from August 2009 through June 2011.

Other provisions:

All returns must be filed electronically. Payment is required to be made by electronic funds transfer by taxpayers when liabilities equal or exceed \$75,000 a year. Such taxpayers must also make accelerated payments on or before the 23rd of the month.

Special Provisions/Credits**Local levies:**

Counties and transit authorities may levy additional sales and use tax. For more information, see the **Sales and Use Tax – County and Transit Authority** chapter.

Sales of motor vehicles to residents of certain other states:

Ohio motor vehicle dealers collect tax at the lowest combined Ohio state and local rate (currently 6 percent) from residents of states that impose a similar sales or use tax on Ohio residents (most states do not). As of Jan. 1, 2009, residents of eight states were subject to the nonresident motor vehicle sales tax: Arizona, California, Florida, Indiana, Massachusetts, Michigan, South Carolina and Washington.

Streamlined Sales Tax Project:

Ohio is an associate member of the Streamlined Sales Tax Project, a multi-state effort to make sales tax laws, rules, and systems more uniform among states. The goal is to make it easier for those who make sales in multiple states to voluntarily collect and remit sales taxes to each of those states (federal law currently exempts sellers from this collection responsibility unless they have a physical presence in a state).

As part of Ohio's continued participation in the Streamlined Sales and Use Tax Agreement, changes to the sourcing of sales of tangible personal property and taxable services were effective Jan. 1, 2010. These changes allow Ohio to retain origin sourcing for most sales of tangible personal property made by Ohio vendors to Ohio consumers. Other sales are sourced to the location where the consumer receives the property or service that was sold. For the majority of vendors, these changes have little or no impact on their method of doing business.
