### This packet contains the following:

- **Instructions** for preparing your tax withholding forms.
- **Income tax withholding forms.**
- **Payroll/payment summary.**
- **Preaddressed envelopes.** Use these envelopes to mail your remittance.

### Employer Withholding Tables for 2010

The employer withholding tables are posted on our Web site at [tax.ohio.gov](http://tax.ohio.gov).

### New Filing Instructions for the 2009 Ohio Form IT 3

Beginning with the 2009 Ohio form IT 3 due March 1, 2010, employers are no longer required to send us paper copies of Ohio form IT 2, or federal forms W-2 or 1099-R. However, you are required to maintain these records for a period of four years from the due date. If the information is not submitted electronically, the Ohio Department of Taxation may periodically request W-2s when conducting compliance programs. See Ohio form IT 3 instructions on page 2.

### Disregarded Entities

The Ohio Department of Taxation follows the IRS regarding disregarded entities and employment taxes. Beginning Jan. 1, 2009, all disregarded entities with employees will be required to obtain their own Ohio withholding account number and calculate, report and withhold all Ohio and school district income taxes on their employees' wages.

### Federal Privacy Act Notice

Because we require you to provide us with a Social Security account number, the *Federal Privacy Act of 1974* requires us to inform you that providing us with your Social Security number is mandatory. Ohio Revised Code sections 5703.05, 5703.057 and 5747.08 authorize us to request this information. We need your Social Security number in order to administer this tax.

### How To Use the Ohio Business Gateway

The **Ohio Business Gateway** simplifies tax reporting and payment for businesses. Your business can file and pay Ohio and school district employer's withholding tax, sales tax, unemployment tax and workers' compensation premiums all at one time. Just go to [tax.ohio.gov](http://tax.ohio.gov), click on **Ohio Business Gateway** and you can start filing your returns online the same day. Registration is simple. Just have your account numbers handy to start your registration process. You will need your federal employer ID number or your Social Security number, the legal name of your company and your e-mail address. You will be asked to designate a contact person and to list the name and job title of the person who will be reporting your tax information. You will also be asked for a user name. Once you're registered, you can start filing your returns immediately.

On subsequent visits to the **Ohio Business Gateway**, you can log in by entering your user name and password. The password will be sent to your e-mail address upon registration.

When you have finished completing all the reports you wish to file, **Gateway** will ask you how you want to pay your tax liability. You may have the payment come directly from your checking or savings account. Be sure to check with your accounting department or local bank to be sure that electronic debits are permitted on the account. Then enter your bank routing number and bank account number. Any fees or charges incurred due to insufficient funds or other issues with the account are the sole responsibility of the account owner. Your remittance can be delayed until your due date, however, the

selection for payment must be made and scheduled. You may also pay your tax by using your Discover/NOVUS, MasterCard or American Express credit card. Official Payments Corporation at [www.officialpayments.com](http://www.officialpayments.com) also provides payment by credit card. There is a convenience fee charged for this service based on the amount of your tax payment (see more information below). Any amount due not paid in full by the report's due date will be considered past due and subject to related fees, penalties and/or interest.
