A Message from Ohio's Tax Commissioner

Your school district number is based upon the address shown on your 2004 tax return. This school district information was used to help determine who should be mailed a school district booklet. If you believe that you received this form in error, verify your school district using *The Finder* (see page 8).

I-file or E-file

You now have two paperless options to electronically file your school district return.

- If you filed an Ohio income tax return last year, then you can use your personal computer to I-file your 2005 school dis-

trict return. Simply go to our Web site at tax.ohio.gov and follow the directions. This service is free.

- To e-file, your return must be prepared using approved computer software and transmitted through an approved electronic filing provider. Many commercial software companies and most professional tax preparers provide electronic filing for a small fee.

If you choose a paperless method and use direct deposit, you can receive your refund in five to seven days.

Due Date: Generally, you must file this return and make all payments by April 17, 2006. See the questions and answers on page 6 for exceptions that may apply.

Preparer's Signature

The Ohio Department of Taxation follows IRS Notice 2004-54, which provides for alternative preparer signature procedures for federal income tax paper returns that paid practitioners prepare on behalf of their clients. Paid preparers can follow those same procedures with respect to the following Ohio paper

returns: individual income tax, school district income tax, withholding tax (employer and pass-through entity) and corporation franchise tax. See Ohio Revised Code sections 5703.262(B) and 5747.08(F).

Federal Privacy Act Notice

Because we require you to provide us with a social security account number, the *Federal Privacy Act of 1974* requires us to inform you that your providing us your social security number is mandatory. Ohio Revised Code sections 5703.05, 5703.057 and 5747.08 authorize us to request this informa-

tion. We need your social security number in order to administer this tax. Your failure to supply any information requested on a tax form prescribed by the tax commissioner may result in (i) the imposition of penalties for failing to file a complete tax return or (ii) the denial of a license, if applicable.

Instructions for Completing the School District Income Tax Return

If during 2005 you resided in or had school district income tax withheld for more than one of the school districts listed on pages 9-10 of this booklet, you must complete separate returns for each school district affected.

Line 1 Ohio adjusted gross income –

- Enter the amount from line 3 of your Ohio form IT 1040 or IT 1040EZ unless you filed your Ohio income tax return by telephone.
- If you filed your Ohio income tax return by **telephone** and filed your federal taxes using either federal form 1040A or 1040EZ, enter the amount from line 3 of your Ohio TeleFile worksheet.
- If you filed your Ohio income tax return by **telephone** and filed your federal taxes using the federal long form 1040, enter amount from line 3 of

your Ohio TeleFile worksheet less any amount on line 4 of the Ohio TeleFile worksheet.

Line 2 Part-year or nonresident deduction – Enter the amount of income included on line 1 that you earned while you were a resident of another school district.

Line 3 School district adjusted gross income – Subtract line 2 from line 1 and enter the result on line 3.

Line 4 Exemptions – Enter the number of your personal and dependent exemptions and multiply this number by \$1,350.

- Line 5 School district taxable income – Subtract line 4 from line 3 and enter the result on line 5.
- Line 6 School district tax – Multiply line 5 (school district taxable income) by the appropriate tax rate for your district shown on page 9-10 and enter the result on line 6.
- Line 7 Senior citizen credit – You may claim a \$50 credit if you were 65 years of age or older before Jan. 1, 2006. Only one credit of \$50 is allowed for each return even if you are filing a joint return and you and your spouse are both 65 years of age or older.
- Line 8 School district tax less credit – Subtract line 7 from line 6 and enter the result on line 8.
- Line 9 School district income tax withheld – Enter **only** the school district withholding tax that is clearly identified on your W-2s with the school district number for the school district for which you are filing this return. Attach a copy of your W-2s to the back of your return.
- Line 10 Estimated payments/extension payments/credit carryover – If you made estimated school district income tax payments and/or an SD 40P extension payment, enter the total amount on line 10. Also include any credit carryover from your 2004 SD 100 return.
- Line 11 Total payments – Add lines 9 and 10 and enter the total on line 11.
- Line 12 **AMOUNT YOU OWE** – If line 11 is less than line 8, subtract line 11 from line 8 and enter your balance due amount on line 12. **If you will pay by credit card, please see page 7. Otherwise, make your check or money order payable to School District Income Tax, and write your school district number, social security number and “2005 SD 100” on your check or money order.** You must also complete and enclose voucher form SD 40P (page 7).
- Line 13 Overpayment – If line 11 is more than line 8, subtract line 8 from line 11 and enter the result on line 13. You must also complete line 14 and/or line 15.
- Line 14 **CREDIT TO 2006** – Indicate the amount of line 13 you want us to credit to your 2006 school district liability. **You cannot apply a credit against a balance due for another school district, a school district that has expired, another person’s tax, prior year’s tax or your Ohio income tax return.**
- Line 15 **REFUND** – Subtract line 14 from line 13. This is the amount of line 13 you want us to refund to you. **You cannot apply a refund against a balance due for another school district, another person’s tax, prior year’s tax or your Ohio income tax return.**

Common School District Income Tax Questions

Do I have to file a school district income tax return?

Yes, if you...

- were a **resident** of a school district with an income tax in effect for 2005 and you had income. You would be required to file form SD 100 **OR**
- received a W-2 with **erroneous school district withholding tax** taken out of your pay for 2005. If you are liable for tax in one school district, but you had withholding taken for another school district, you must file **separate** SD 100 returns under each school district number. If you are not liable for school district income tax (SDIT), but had school district tax withheld in error, you must complete an SD 100 return under that school district number for a refund.

No, if you...

- were **not a resident** of a school district with an income tax in effect during 2005 and had no school district income tax withheld in error. You are not required to file form SD 100.

How can I be sure of what school district I live in?

If you are not sure what school district you are in, the Ohio Department of Taxation has implemented a new online resource called *The Finder*. Instructions for using *The Finder* are on page 8.

I don't file a federal or Ohio return. Must I file an SD 100?

Yes, if you have a school district tax liability. You should start with what your Ohio adjusted gross income would be if you were filing an Ohio return; then allow for personal exemptions. If the end result is an amount due, you must file the return.

What if I am a part-year resident of two taxing districts?

You must file a separate SD 100 return under **each** taxing district's school district number and deduct the other district's income on line 2. You may claim your full personal exemption(s) on each return.

What if I received a W-2 with SD tax, but I don't live in a district with a tax?

You must complete an SD 100. Be sure to use the school district number of the school district your employer withheld for. Complete line 1 and list your correct school district name and number on the back. Deduct your entire income on line 2. Complete lines 9, 11, 13 and 15. Write your explanation on the back of the return.

I only lived part-year in an affected district. What must I do?

Be sure to use the school district number for the **taxing** district on your return. Deduct your part-year income from your residence in the nontaxing district on line 2. You may still claim your full personal exemption(s).

Do I have to file school district estimated tax payments?

Yes, you must make estimated SDIT payments if you will owe more than \$500 in tax for 2006 after subtracting your state and SDIT withholding amounts. However, two safe harbors apply: 1) your SDIT withholding amount is 90% of your estimated SDIT or 2) your calendar year 2006 SDIT withholding amount is equal to or greater than the 2005 SDIT (if you were liable for the full year). Use form SD 100ES to make estimated payments (available on our Web site at tax.ohio.gov or by calling toll-free 1-800-282-1782).

I'm in the military stationed at Wright-Patterson AFB. My spouse (a civilian) and I live in a school district that levies a school district income tax. My DD-2058 accurately reflects New York as my state of legal residence. Are my spouse and I liable for the school district tax?

None of your income is taxable. However, your civilian spouse's income – regardless of where earned — is taxable unless your spouse can prove by clear and convincing evidence that s/he is a full-year resident of another state. Deduct on line 2 of the school district income tax return, form SD 100, your own income that you did not include on line 37 of your Ohio income tax return, form IT 1040. If your spouse claims to be a full-year resident of another state and if you and your spouse's filing status is married filing jointly, then your spouse can also deduct on line 2 of Ohio form SD 100 all your spouse's income. Be sure to set forth on page two of the form SD 100 a detailed explanation supporting the deductions you and your spouse show on line 2 on form SD 100. For more information about residency, go to the department's Web site (tax.ohio.gov), click on the logo for "Military and Taxes in Ohio" and refer to Q&A #3.

Common School District Income Tax Questions

Are my children liable for the school district tax?

Yes, if they have school district taxable income. There is no age limit.

I'm retired. Am I liable for school district tax?

Yes, if you have school district taxable income. Taxpayers who are 65 years old before Jan. 1, 2006, may claim a senior citizen credit of \$50 per return.

Can I e-file my school district return?

Yes. In order to e-file your school district return, you must be a full-year resident of the school district for which you are filing. You must also be filing an electronic Ohio Income Tax Return.

I can't file my SD 100 by April 17. Can I get an extension?

Yes, if you are requesting an extension to file your federal 1040. Ohio does not have its own extension, but honors the federal extension. When you file the SD 100, you must attach a copy of your federal extension or extension confirmation number. There is no extension of time for paying your tax. You will owe interest and penalty on any payment you make after April 17, 2006. **Exception:** You can avoid a penalty (but you cannot avoid interest) if (i) you have a federal extension to file, (ii) by April 17, 2006, you pay at least 90% of the school district income tax (make any required payment electronically via our Web site or use form SD 40P on page 7 to make any extension payment due), and (iii) by the extended due date you pay the balance of the school district income tax due (use form SD 40P on page 7 to make any extension payment due; use another form SD 40P, available on our Web site, to pay the balance of tax due).

I am not able to pay by April 17. What should I do?

File your return by April 17, 2006, to avoid the late-filing penalty, unless you have a federal extension. Whatever you pay will lessen the amount of interest and late-payment penalty you receive on your billing notice.

What are the late charges for not filing or paying on time?

If you fail to file your SD 100 by April 17, 2006 (or the extended due date), the penalty for failure to file timely may be the greater of \$50 per month up to a maximum of \$500 or 5% per month up to a maximum of 50% of the tax. If you fail to pay the full amount of the tax by April 17, the penalty for failure to pay may be double the interest charged (6% for 2006).

How do I correct my SD 100 after I have already filed it?

Any change or correction to your return can be made by filing an Amended School District Income Tax Return (form SD 100X). To speed up the processing of your amended return:

- Attach a copy of your original return AND
- Attach a copy of any cancelled checks used as payment on your original return.

You can get Ohio form SD 100X from our Web site at tax.ohio.gov or by calling toll-free 1-800-282-1782. If you correct your federal income tax return or if you are audited by the Internal Revenue Service, you must file Ohio form SD 100X within 60 days of the final determination of the federal change.

Caution: The Internal Revenue Service tells us about all changes it makes to your federal return. To avoid penalties, be sure to file your Ohio amended return within 60 days of the final determination of the federal change.

My W-2 does not identify my school district withholding. What can I do?

You should ask your employer for a corrected W-2 identifying both the withholding amount and the school district by its four-digit number or ask for a letter from your employer identifying the withholding amount and school district.

What can I do if my employer will not withhold the tax?

You should put the facts in writing along with a copy of last year's W-2 (if you were with the company then) and submit them to School District Income Tax, P.O. Box 182837, Columbus, Ohio 43218-2837.

Pay Your Taxes by Credit Card

You can use your Discover/NOVUS, VISA, MasterCard or American Express card to pay your income taxes. You can make the credit card payments either by visiting tax.ohio.gov on the Internet and clicking on the **Ohio I-File** link or by calling **1-800-2PAY-TAX** (1-800-272-9829).

Whether you visit our Web site or pay by telephone, Official Payments Corporation will be providing the credit card services. Official Payments Corporation charges a convenience fee equal to 2.5% of the tax due. Official Payments Corporation will bill your credit card account for this convenience fee. The state of Ohio and your school district do not receive any portion of this fee.

When will my payment be posted? Your payment will be effective the date you charge it.

What happens if I change my mind? If you pay your tax liability by credit card and if you subsequently reverse the credit card transaction, you may be subject to penalties, interest and other fees imposed by the Ohio Department of Taxation for nonpayment or late payment of your tax liability.
