SD 100X Instructions for Year 2013

Note: Be sure to complete and attach the "Reason and Explanation of Corrections" on page 2.

General Information

1. Use Ohio form SD 100X for the following:
 - correct your school district tax return; AND/OR
 - request a refund of tax, interest and/or penalty previously paid; AND/OR
 - report IRS changes that affected the number of exemptions claimed; AND/OR
 - report IRS changes that affected your federal adjusted gross income; AND/OR
 - change your filing status (see **Change in Filing Status** at right).
2. You can file Ohio school district form SD 100X only after you have filed an Ohio school district income tax return (Ohio form SD 100 or any of the department's paperless or electronic tax return filing options).
3. You must complete all of the information requested on the front of the form. Otherwise, we cannot process your amended return, and we will return it to you.
4. If your amended school district income tax return shows a refund due on account of either (a) a change in your federal adjusted gross income or (b) a change in your filing status from married filing jointly to married filing separately, you can speed up the refund process if you do the following:
 - (1) Attach a copy of your amended federal income tax return (IRS form 1040X) and
 - (2) Attach either a copy of the federal refund check or a copy of the IRS acceptance letter.If you are unable to attach this information, we will require several extra weeks to process your refund.
5. If you file your return after the unextended due date and if you paid and/or will pay any tax after the unextended due date, you owe interest.

Penalty may be due on late-filed returns and/or late-paid tax. Please see a discussion of interest and penalty in the individual income tax return instructions for the year for which you're filing.

Time Period in Which to File (Statute of Limitations)

1. Generally, you can claim a refund within four years from the date of the overpayment of the tax. For most taxpayers, the four-year period **begins** on the date the school district income tax return was due (without extensions). For example, the 2009 Ohio form SD 100 is due on April 15, 2010.

2. If your school district amended return shows a refund on account of a decrease in your federal adjusted gross income and if the IRS issues you a refund check due to that decrease, you always have at least 60 days from the date the IRS agreed to the decrease to file your Ohio and school district amended income tax returns.

Your amended return may not be processed until after Oct. 15.

Change in Filing Status

You can change your filing status from married filing separately to married filing jointly anytime within the statute of limitations, but without taking into consideration any extension of time to file. However, you only have until the date the Ohio school district tax return was due, without extensions, to change your filing status from married filing jointly to married filing separately. **In any event, your filing status for school district income tax purposes must be the same as your filing status for Ohio form IT 1040.**

General Instructions

- A. Enter the school district number from your original Ohio form IT 1040.
- B. To calculate the amounts you will show in the "as amended" column, use the school district income tax instruction booklet for the return year you are amending.
