SUPPORT FUND:**

Table LG-10

Amounts Distributed to Counties, Calendar Year 2000

The library and local government support fund was created in House Bill 291 of the 115th General Assembly. It replaces the locally-collected intangible property tax, which was repealed beginning in calendar year 1986. This fund provides state aid to counties on a monthly basis for libraries and local governments, which were receiving revenue from the intangible property tax.

The library and local government support fund is comprised of 5.7 percent of the preceding month's personal income tax collections. The total amount distributed to the counties for calendar year 2000 was \$491.0 million.

Each county's distribution is after an adjustment for any overpayment or underpayment made in the preceding year (1999).

The revenues received from the library and local government support fund are distributed by the County Budget Commission. Less than 2 percent went to local governments with the balance going to libraries.

Figures shown were compiled from records of the Ohio Department of Taxation.
