

## REAL PROPERTY TAX RELIEF:

Table HE-2  
No. 07 (2001)  
April 12, 2001

### **Number of Manufactured Home Homestead Exemptions Granted, Average Reduction in Taxable Value and Total Reduction in Taxes, by County, Tax Year 2000**

Manufactured home homestead exemptions (i.e. property tax reductions) were granted to 13,596 manufactured home owners for the 2000 tax year (2000 collections). Qualified senior citizens or disabled persons receive tax reductions based on their total income, provided that income does not exceed \$23,000.

The figures in the first two columns of this table were provided by county auditors. The data in the third column showing the reduction in real property taxes are the amounts reimbursed to each county for the manufactured home homestead exemption, including reimbursements for refunds issued by the county to taxpayers that filed "late" applications for the tax year 2000 homestead exemption. Administrative fees of \$31,360 paid to the county auditors are excluded from Table HE-2.

Several counties did not report data: Allen, Morgan, and Union. In addition, two counties had not been reimbursed (excluding late-filer reimbursement) as of this date: Pickaway and Richland. Based on the data available, taxes paid by manufactured home owners were reduced by \$1,568,001. The average reduction amounted to \$115, and the average reduction in value amounted to \$1,663.

Cuyahoga County had the most people receiving this tax reduction, 729, and the largest total reduction in taxes, \$138,538. Auglaize County had the fewest people receiving this tax reduction, 17, and the smallest reduction in taxes, \$1,311.
