The Newly Reduced Ohio Withholding Tables Have Been Published

This e-mail is to advise employers that the Ohio Department of Taxation has issued new employer withholding tables to be used for payrolls that end on or after January 1, 2020. The new tables take into consideration the income tax rate reductions that went into effect when House Bill 166 (133rd General Assembly) was signed into law on June 18, 2019. The tables reflect a 4.0% reduction in the withholding rates previously in effect since January 1, 2019. The new tables are to be used for the calendar year 2020 and in future years.

The new withholding tables are posted on the Employer Withholding Tax Web page, which can be accessed by clicking here. The tables include the percentage and optional computer method for calculating withholding as well as daily, weekly, biweekly, semi-monthly and monthly tables.
