As of November 26, 2018, the Ohio Treasurer of State (TOS) started accepting cryptocurrency to pay business taxes.

What cryptocurrencies can be used to make a tax payment via OhioCrypto.com?
Taxpayers can currently pay their taxes with OhioCrypto.com in Bitcoin.

Can I pay my Personal Income Tax using this feature?
No. At this time, only Business Taxes are eligible.

How do I sign up for this?
Registration must be done through the Treasurer of State here.

Can I use Ohio Business Gateway to make these payments after I’ve registered?
No. Ohio Business Gateway will still be used to file your returns, but payments using Bitcoin or other cryptocurrency must be made separately through the Treasurer of State.

Where can I find more information?
