Using the List of Active Vendors Report:

The List of Active Vendors Report contains a list of active county vendor’s licenses (VL’s), transient vendor’s licenses, direct pay permit holders, and out-of-state seller’s use tax accounts. This report includes the VL or account number, and name and address as of the time and date the report was run.

The first 88 tabs of the report are for active county VL’s separated by county: County VL_1 (Adams) through County VL_88 (Wyandot). A VL is required for each fixed place of business.

Transient vendors are listed on the “Transient VL_89” tab. These are vendors who have no fixed place of business. Examples of transient vendors are those who set up temporary locations throughout the state, sell through vending machines, or are service providers.

Direct pay permit holders are listed on the “Direct Pay_90” tab. These are taxpayers who pay their tax directly to the state as use tax, instead of to their vendor as sales tax.

Out of state sellers are listed on the “Seller’s Use_91” tab. These are vendors located outside of Ohio who are making sales into Ohio.

This report is updated on a weekly basis. The Ohio Department of Taxation will not maintain historical reports.
