Payment Options

Several options are available for paying your Ohio income tax. Use any one of the following three methods:

**Credit Card** (see pages 6 or 44 of these instructions)

**Electronic Check**

By using the expanded electronic check payment option that is available to all taxpayers, you can eliminate writing a check for your 2008 Ohio individual income tax due amount. If you choose to make payment using an electronic check, it is the equivalent of using a debit card to withdraw money directly from your checking or savings account to pay the balance of the tax you owe.

The authorized amount will be withdrawn from your account within 24 hours unless you elect to delay payment. You can delay payment up until the payment deadline of April 15, 2009. Regardless of the date you choose, you must make sure that the money is in your account and available at that time.

When paying by electronic check, you must first determine your filing method:

✔ **TeleFile** – Follow the payment instruction prompts that you receive during TeleFile (see line 12, page Tel-7 of the TeleFile worksheet).

✔ **Ohio I-File and eForms** – Follow the payment instruction prompts that you receive during Ohio I-File and Ohio eForms.

✔ **IRS e-file** – If you are electronically filing your Ohio individual income tax return using an approved software program, just follow the payment prompts for making payments by electronic check. If you are using a tax preparer to file your return electronically, the preparer will tell you how to pay using an electronic check.

If you do not want to use a credit card or electronic check to make your payment, you may send in a personal check or money order with payment voucher IT 40P, below. Please provide the following:

- a) Print your full name and address on the lines provided and write the first three letters of your last name in the boxes to the right of your name;
- b) Write your Social Security number(s) in the boxes provided on the right side of Ohio form IT 40P;
