Do I Have To Make Estimated Tax Payments?

You are required to pay estimated income tax on Ohio IT 1040ES if the tax due on your 2018 Ohio income tax return, reduced by your Ohio tax withheld and refundable tax credits, is \$500 or more.

Note 1: If you don't want to make estimated payments, you may ask your employer to increase the amount of Ohio tax your employer withholds from your wages. To do this, file a revised Ohio IT 4, Employee Withholding Exemption Certificate, with your employer. Remember, if your estimated 2018 tax due amount is less than \$500, you do not have to make estimated payments.

Farmer or Fisherman Filing Rules

In lieu of filing the individual estimated tax, farmers or fishermen whose total estimated gross income is at least two-thirds from farming or fishing may file their Ohio income tax returns using the same filing method they use for filing their federal income tax returns. See Ohio Administrative Code Rule 5703-7-04.

Payment Due Dates

Payments of estimated tax normally must be made in four installments. If you determine that you are required to file estimated tax payments, the quarterly payment due dates for 2018 are:

1st Quarter – April 17, 2018 3rd Quarter – Sept. 17, 2018
 2nd Quarter – June 15, 2018 4th Quarter – Jan. 15, 2019

What Are My Payment Options?

There are three payment options available to you:

- **Electronic Check** – Save time and postage by electronically filing and paying your 2018 quarterly estimates. Visit our website at tax.ohio.gov for this payment option. Using this method of payment eliminates the need for you to file a paper copy of Ohio IT 1040ES.
- **Credit Card** – You may use your Discover, VISA, MasterCard or American Express card to pay your estimated Ohio income taxes. You can make your credit card payments by either visiting tax.ohio.gov or by calling **1-800-2PAY-TAX** (1-800-272-9829). The Ohio jurisdiction code is 6446. Official Payments charges a convenience fee equal to 2.5% (or \$1, whichever is greater). This fee is paid directly to Official Payments and is based on the amount of your tax payment. Do **NOT** file Ohio IT 1040ES if you use the credit card method of payment.
- **Check or Money Order** – You can send in a personal check or money order made payable to the Ohio Treasurer of State with your quarterly estimated Ohio IT 1040ES. Mail to the address printed on the voucher. Do **NOT** send cash.

Personal and Dependency Exemptions

The personal and dependent exemption is a graduated amount based on your Ohio adjusted gross income. See chart below:

Ohio Adjusted Gross Income	Personal/ Dependent Exemption
\$40,000 or less	\$2,300
\$40,001 – \$80,000	\$2,050
More than \$80,000	\$1,800

Multiply the appropriate exemption amount from the chart above by the number of dependents you are claiming on the return.

Joint and Separate Estimated Returns

If you intend to file your 2018 Ohio income tax return on a joint basis, you should file a joint estimate. If you intend to file your 2018 Ohio income tax return on a married separate or single basis, or if you are unsure, you should file separate estimated vouchers for yourself and for your spouse. Making joint estimated tax payments or separate estimated tax payments will not affect your choice of filing a joint tax return or separate returns for 2018. See our information release IT 2006-01 entitled "Individual Income and School District Income Taxes: Estimated Payment Allocation Process" available on our website at tax.ohio.gov.

Interest Penalty

If you fail to pay or if you underpay your estimated tax, you must add an interest penalty to your taxes. See Ohio IT/SD 2210 to see if you owe an interest penalty on your underpayment. The interest rate for calendar year 2018 is 4%.

Avoiding the Interest Penalty on Underpayment of Estimated Income Tax

You may avoid the interest penalty if you meet **any** of the following conditions:

- The sum of your 2018 Ohio tax withheld, your 2018 refundable credits, your timely made estimated payments and your 2017 overpayment applied to 2018 will equal or exceed 100% of your 2017 Ohio income tax after reduction for your 2017 nonrefundable credits; OR
- The sum of your 2018 Ohio tax withheld, your 2018 refundable credits, your timely made estimated payments and your 2017 overpayment applied to 2018 will equal or exceed 90% of your 2018 Ohio income tax after reduction for 90% of your 2018 nonrefundable credits.

Note 2: For purposes of the above, (i) exclude from your year 2017 overpayment any year 2016 tax you paid after April 18, 2017 and (ii) exclude from "credits" Ohio tax withheld, estimated tax payments or 2017 overpayments credited to 2018.
