OAC 5703-7-08 – Deduction of Disability and Survivorship Benefits

In accordance with Section 5747.01(A), Revised Code, a taxpayer may deduct, to the extent otherwise included in Federal Adjusted Gross Income, the amount of disability benefits received pursuant to a contributory or non-contributory employee disability and survivorship plan; provided, that the establishment of the employee's permanent or presumed permanent inability to engage in gainful employment for which qualified by training or experience as a result of a physical or mental impairment is a pre-condition to the receipt of such benefits.

A taxpayer may not deduct, as disability benefits, any "sick pay" or similar temporary wage and salary continuation payments, nor any payments received under a plan, regardless of the nature of such plan, if the plan deems such payments to be, or in lieu of, retirement benefits, annuities, or distributions. Payments initiated as disability benefits are deemed retirement benefits, annuities, or distributions, subject to separate Ohio tax treatment, when, by virtue of the attained age of the employee or any other cause, the plan no longer requires the pre-condition of physical or mental impairment for the receipt of such benefits.

In accordance with Section 5747.01(A), Revised Code, a taxpayer may deduct, to the extent otherwise included in Federal Adjusted Gross Income, the amount of survivor benefits received as a qualified survivor pursuant to a contributory or non-contributory disability and survivorship plan. A taxpayer may not deduct, as survivorship benefits, any payments received under a plan, regardless of the nature of the plan, if such plan deems the payments as other than survivorship payments or authorizes payments without the death of a covered employee as a pre-condition. Annuities, lump sum settlements, retirement payments, or other similar benefits received by a beneficiary under an option or election made by an employee and commencing upon such employee's death, are not deductible as survivor benefits, but are deemed retirement benefits subject to separate Ohio tax treatment.

The tax owed under section 5733.06 of the Revised Code shall take into account any adjustments to such tax required by division (G) of section 5733.01 of the Revised Code that apply prior to allowance of refundable credits.

(B)(1) The director of development shall administer the manufacturing equipment grant program to provide grants for new manufacturing machinery and equipment qualifying for the grant under section 122.173 of the Revised Code. Any portion of the grant in excess of the taxpayer’s tax liability shall not be refundable but may be carried forward as provided in section 122.173 of the Revised Code. Upon the director’s request, the commissioner shall provide completed grant request forms filed under this section to the director in a mutually agreed upon format.

(17) "Qualifying controlled group" has the same meaning as in section 5733.04 of the Revised Code.

(18) "Tax liability" has the same meaning as in section 122.172 of the Revised Code.

(B)(1) Subject to divisions (I) and (J) of this section, a grant is allowed against the tax imposed by section 5733.06 or 5747.02 of the Revised Code for a taxpayer that purchases new manufacturing machinery and equipment during the qualifying period, provided that the new manufacturing machinery and equipment are installed in this state not later than June 30, 2006.

(2)(a) Except as otherwise provided in division (B)(2)(b) of this section, a grant may be claimed under this section in excess of one million dollars only if the cost of all manufacturing machinery and equipment owned in this state by the taxpayer claiming the grant on the last day of the calendar year exceeds the cost of all manufacturing machinery and equipment owned in

this state by the taxpayer on the first day of that calendar year.

As used in division (B)(2)(a) of this section, "calendar year" means the calendar year in which the machinery and equipment for which the grant is claimed was purchased.

(b) Division (B)(2)(a) of this section does not apply if the taxpayer claiming the grant applies for and is issued a waiver of the requirement of that division. A taxpayer may apply to the director of development for such a waiver in the manner prescribed by the director, and the director may issue such a waiver if the director determines that granting the grant is necessary to increase or retain employees in this state, and that the grant has not caused relocation of manufacturing machinery and equipment among counties within this state for the primary purpose of qualifying for the grant.

(C)(1) Except as otherwise provided in division (C)(2) and division (I) of this section, the grant amount is equal to seven and one-half per cent of the excess of the cost of the new manufacturing machinery and equipment purchased during the calendar year for use in a county over the county average new manufacturing machinery and equipment investment for that county.

(2) Subject to division (I) of this section, as used in division (C)(2) of this section, "county excess" means the taxpayer's excess cost for a county as computed under division (C)(1) of this section.

Subject to division (I) of this section, a taxpayer with a county excess, whose purchases included purchases for use in any eligible area in the county, the grant amount is equal to thirteen and one-half per cent of the cost of the new manufacturing machinery and equipment purchased during the calendar year for use in the eligible areas in the county, provided that the cost subject to the thirteen and one-half per cent rate shall not exceed the county excess. If the county excess is greater than the cost of the new manufacturing machinery and equipment purchased during the calendar year for use in eligible areas in the county, the grant amount also shall include an amount equal to seven and one-half per cent of the amount of the difference.

(3) If a taxpayer is allowed a grant for purchases of new manufacturing machinery and equipment in more than one county or eligible area, it shall aggregate the amount of those grants each year.

(4) Except as provided in division (J) of this section, the taxpayer shall claim one-seventh of the grant amount for the taxable year ending in the calendar year in which the new manufacturing machinery and

equipment is purchased for use in the county by the taxpayer or partnership. One-seventh of the taxpayer grant amount is allowed for each of the six ensuing taxable years. Except for carried-forward amounts, the taxpayer is not allowed any grant amount remaining if the new manufacturing machinery and equipment is sold by the taxpayer or partnership or is transferred by the taxpayer or partnership out of the county before the end of the seven-year period unless, at the time of the sale or transfer, the new manufacturing machinery and equipment has been fully depreciated for federal income tax purposes.

(5)(a) A taxpayer that acquires manufacturing machinery and equipment as a result of a merger with the taxpayer with whom commenced the original use in this state of the manufacturing machinery and equipment, or with a taxpayer that was a partner in a partnership with whom commenced the original use in this state of the manufacturing machinery and equipment, is entitled to any remaining or carried-forward grant amounts to which the taxpayer was entitled.

(b) A taxpayer that enters into an agreement under division (C)(3) of section 5709.62 of the Revised Code and that acquires manufacturing machinery or equipment as a result of purchasing a large manufacturing facility, as defined in section 5709.61 of the Revised Code, from another taxpayer with whom commenced the original use in this state of the manufacturing machinery or equipment, and that operates the large manufacturing facility so purchased, is entitled to any remaining or carried-forward grant amounts to which the other taxpayer who sold the facility would have been entitled under this section had the other taxpayer not sold the manufacturing facility or equipment.

(c) New manufacturing machinery and equipment is not considered sold if a pass-through entity transfers to another pass-through entity substantially all of its assets as part of a plan of reorganization under which substantially all gain and loss is not recognized by the pass-through entity that is transferring the new manufacturing machinery and equipment to the transferee and under which the transferee's basis in the new manufacturing machinery and equipment is determined, in whole or in part, by reference to the basis of the pass-through entity that transferred the new manufacturing machinery and equipment to the transferee.

(d) Division (C)(5) of this section applies only if the acquiring taxpayer or transferee does not sell the new manufacturing machinery and equipment or transfer the new manufacturing machinery and equipment out of the county before the end of the seven-year period to which division (C)(4) of this section refers.

(e) Division (C)(5)(b) of this section applies only to the extent that the taxpayer that sold the manufacturing machinery or equipment, upon request, timely provides to the tax commissioner any information that the tax commissioner considers to be necessary to ascertain any remaining or carried-forward amounts to which the taxpayer that sold the facility would have been entitled under this section had the taxpayer not sold the manufacturing machinery or equipment. Nothing in division (C)(5)(b) or (e) of this section shall be construed to allow a taxpayer to claim any grant amount with respect to the acquired manufacturing machinery or equipment that is greater than the amount that would have been available to the other taxpayer that sold the manufacturing machinery or equipment had the other taxpayer not sold the manufacturing machinery or equipment.

(D) The taxpayer shall claim the grant allowed by this section in the manner provided by section 122.172 of the Revised Code. Any portion of the grant in excess of the taxpayer's tax liability for the taxable year shall not be refundable but may be carried forward for the next three consecutive taxable years.

(E) A taxpayer purchasing new manufacturing machinery and equipment and intending to claim the grant shall file, with the director of development, a notice of intent to claim the grant on a form prescribed by the director of development. The director of development shall inform the tax commissioner of the notice of intent to claim the grant. No grant may be claimed under this section for any manufacturing machinery and equipment with respect to which a notice was not filed by the date of a timely filed return, including extensions, for the taxable year that includes September 30, 2005, but a notice filed on or before such date under division (E) of section 5733.33 of the Revised Code of the intent to claim the credit under that section or section 5747.31 of the Revised Code also shall be considered a notice of the intent to claim a grant under this section.

(F) The director of development shall annually certify, by the first day of January of each year during the qualifying period, the eligible areas for the tax grant for the calendar year that includes that first day of January. The director shall send a copy of the certification to the tax commissioner.

(G) New manufacturing machinery and equipment for which a taxpayer claims the credit under section 5733.31, 5733.311, 5747.26, or 5747.261 of the Revised Code shall not be considered new manufacturing machinery and equipment for purposes of the grant under this section.

(H)(1) Notwithstanding sections 5733.11 and 5747.13 of the Revised Code, but subject to division (H)(2) of this section, the tax commissioner may issue an assessment against a person with respect to a grant claimed under this section for new manufacturing machinery and equipment described in division (A)(1)(b) or (2)(b) of this section, if the machinery or equipment subsequently does not qualify for the grant.

(2) Division (H)(1) of this section shall not apply after the twenty-fourth month following the last day of the period described in divisions (A)(1)(b) and (2)(b) of this section.

(I) Notwithstanding any other provision of this section to the contrary, in the case of a qualifying controlled group, the grant available under this section to a taxpayer or taxpayers in the qualifying controlled group shall be computed as if all corporations in the group were a single corporation. The grant shall be allocated to such a taxpayer or taxpayers in the group in any amount elected for the taxable year by the group. The election shall be revocable and amendable during the period described in division (B) of section 5733.12 of the Revised Code.

This division applies to all purchases of new manufacturing machinery and equipment made on or after January 1, 2001, and to all baseline years used to compute any grant attributable to such purchases; provided, that this division may be applied solely at the election of the qualifying controlled group with respect to all purchases of new manufacturing machinery and equipment made before that date, and to all baseline years used to compute any grant attributable to such purchases. The qualifying controlled group at any time may elect to apply this division to purchases made prior to January 1, 2001, subject to the following:

(1) The election is irrevocable;

(2) The election need not accompany a timely filed report, but the election may accompany a subsequently filed but timely application for refund, a subsequently filed but timely amended report, or a subsequently filed but timely petition for reassessment.

(J) Except as provided in division (B) of section 122.172 of the Revised Code, no grant under this section may be claimed for any taxable year for which a credit is allowed under section 5733.33 or 5747.31 of the Revised Code. If the tax imposed by section 5733.06 of the Revised Code for which a grant is allowed under this section has been prorated under division (G)(2) of section 5733.01 of the Revised Code, the grant shall be prorated by the same percentage as the tax.

(A)(1) Except as provided under division (A)(2) or (B) of this section, any reference in Title LVII of the Revised Code to the Internal Revenue Code, to the Internal Revenue Code “as amended,” to other laws of the United States, or to other laws of the United States, “as amended,” means the Internal Revenue Code or other laws of the United States as they exist on the effective date.

(2) This section does not apply to any reference in Title LVII of the Revised Code to the Internal Revenue Code as of a date certain specifying the day, month, and year, or to other laws of the United States as of a date certain specifying the day, month, and year.

(B)(1) For purposes of applying section 5733.04, 5745.01, or 5747.01 of the Revised Code to a taxpayer’s taxable year ending after December 15, 2010, and before the effective date, a taxpayer may irrevocably elect to incorporate the provisions of the Internal Revenue Code or other laws of the United States that are in effect for federal income tax purposes for that taxable year if those provisions differ from the provisions that, under division (A) of this section, would otherwise

apply. The filing by the taxpayer for that taxable year of a report or return that incorporates the provisions of the Internal Revenue Code or other laws of the United States applicable for federal income tax purposes for that taxable year, and that does not include any adjustments to reverse the effects of any differences between those provisions and the provisions that would otherwise apply, constitutes the making of an irrevocable election under this division for that taxable year.

(2) Elections under prior versions of division (B)(1) of this section remain in effect for the taxable years to which they apply.

ORC 5747.01(A) – Income Tax Definitions

Except as otherwise expressly provided or clearly appearing from the context, any term used in this chapter that is not otherwise defined in this section has the same meaning as when used in a comparable context in the laws of the United States relating to federal income taxes or if not used in a comparable context in those laws, has the same meaning as in section 5733.40 of the Revised Code. Any reference in this chapter to the Internal Revenue Code includes other laws of the United States relating to federal income taxes.

As used in this chapter:

(A) “Adjusted gross income” or “Ohio adjusted gross income” means federal adjusted gross income, as defined and used in the Internal Revenue Code, adjusted as provided in this section:

(1) Add interest or dividends on obligations or securities of any state or of any political subdivision or authority of any state, other than this state and its subdivisions and authorities.

(2) Add interest or dividends on obligations of any authority, commission, instrumentality, territory, or possession of the United States to the extent that the interest or dividends are exempt from federal income taxes but not from state income taxes.

(3) Deduct interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission, or instrumentality of the United States to the extent that the interest or dividends are included in federal adjusted gross income but exempt from state income taxes under the laws of the United States.

(4) Deduct disability and survivor’s benefits to the extent included in federal adjusted gross income.

(5) Deduct benefits under Title II of the Social Security Act and tier 1 railroad retirement benefits to the extent included in federal adjusted gross income under section 86 of the Internal Revenue Code.

(6) In the case of a taxpayer who is a beneficiary of a trust that makes an accumulation distribution as defined in section 665 of the Internal Revenue Code, add, for the beneficiary’s taxable years beginning before 2002, the portion, if any, of such distribution that does not exceed the undistributed net income of the trust for the three taxable years preceding the taxable year in which the distribution is made to the extent that the portion was not included in the trust’s taxable in-

come for any of the trust’s taxable years beginning in 2002 or thereafter. “Undistributed net income of a trust” means the taxable income of the trust increased by (a)(i) the additions to adjusted gross income required under division (A) of this section and (ii) the personal exemptions allowed to the trust pursuant to section 642(b) of the Internal Revenue Code, and decreased by (b)(i) the deductions to adjusted gross income required under division (A) of this section, (ii) the amount of federal income taxes attributable to such income, and (iii) the amount of taxable income that has been included in the adjusted gross income of a beneficiary by reason of a prior accumulation distribution. Any undistributed net income included in the adjusted gross income of a beneficiary shall reduce the undistributed net income of the trust commencing with the earliest years of the accumulation period.

(7) Deduct the amount of wages and salaries, if any, not otherwise allowable as a deduction but that would have been allowable as a deduction in computing federal adjusted gross income for the taxable year, had the targeted jobs credit allowed and determined under sections 38, 51, and 52 of the Internal Revenue Code not been in effect.

(8) Deduct any interest or interest equivalent on public obligations and purchase obligations to the extent that the interest or interest equivalent is included in federal adjusted gross income.

(9) Add any loss or deduct any gain resulting from the sale, exchange, or other disposition of public obligations to the extent that the loss has been deducted or the gain has been included in computing federal adjusted gross income.

(10) Deduct or add amounts, as provided under section 5747.70 of the Revised Code, related to contributions to variable college savings program accounts made or tuition units purchased pursuant to Chapter 3334. of the Revised Code.

(11)(a) Deduct, to the extent not otherwise allowable as a deduction or exclusion in computing federal or Ohio adjusted gross income for the taxable year, the amount the taxpayer paid during the taxable year for medical care insurance and qualified long-term care insurance for the taxpayer, the taxpayer’s spouse, and dependents. No deduction for medical care insurance under division (A)(11) of this section shall be allowed either to any taxpayer who is eligible to participate in any subsidized health plan maintained by any employer of the taxpayer or of the taxpayer’s spouse, or to

any taxpayer who is entitled to, or on application would be entitled to, benefits under part A of Title XVIII of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C. 301, as amended. For the purposes of division (A)(11)(a) of this section, "subsidized health plan" means a health plan for which the employer pays any portion of the plan's cost. The deduction allowed under division (A)(11)(a) of this section shall be the net of any related premium refunds, related premium reimbursements, or related insurance premium dividends received during the taxable year.

(b) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income during the taxable year, the amount the taxpayer paid during the taxable year, not compensated for by any insurance or otherwise, for medical care of the taxpayer, the taxpayer's spouse, and dependents, to the extent the expenses exceed seven and one-half per cent of the taxpayer's federal adjusted gross income.

(c) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income, any amount included in federal adjusted gross income under section 105 or not excluded under section 106 of the Internal Revenue Code solely because it relates to an accident and health plan for a person who otherwise would be a "qualifying relative" and thus a "dependent" under section 152 of the Internal Revenue Code but for the fact that the person fails to meet the income and support limitations under section 152(d)(1)(B) and (C) of the Internal Revenue Code.

(d) For purposes of division (A)(11) of this section, "medical care" has the meaning given in section 213 of the Internal Revenue Code, subject to the special rules, limitations, and exclusions set forth therein, and "qualified long-term care" has the same meaning given in section 7702B(c) of the Internal Revenue Code. Solely for purposes of divisions (A)(11)(a) and (c) of this section, "dependent" includes a person who otherwise would be a "qualifying relative" and thus a "dependent" under section 152 of the Internal Revenue Code but for the fact that the person fails to meet the income and support limitations under section 152(d)(1)(B) and (C) of the Internal Revenue Code.

(12)(a) Deduct any amount included in federal adjusted gross income solely because the amount represents a reimbursement or refund of expenses that in any year the taxpayer had deducted as an itemized deduction pursuant to section 63 of the Internal Revenue Code and applicable United States department of the treasury regulations. The deduction otherwise

allowed under division (A)(12)(a) of this section shall be reduced to the extent the reimbursement is attributable to an amount the taxpayer deducted under this section in any taxable year.

(b) Add any amount not otherwise included in Ohio adjusted gross income for any taxable year to the extent that the amount is attributable to the recovery during the taxable year of any amount deducted or excluded in computing federal or Ohio adjusted gross income in any taxable year.

(13) Deduct any portion of the deduction described in section 1341(a)(2) of the Internal Revenue Code, for repaying previously reported income received under a claim of right, that meets both of the following requirements:

(a) It is allowable for repayment of an item that was included in the taxpayer's adjusted gross income for a prior taxable year and did not qualify for a credit under division (A) or (B) of section 5747.05 of the Revised Code for that year;

(b) It does not otherwise reduce the taxpayer's adjusted gross income for the current or any other taxable year.

(14) Deduct an amount equal to the deposits made to, and net investment earnings of, a medical savings account during the taxable year, in accordance with section 3924.66 of the Revised Code. The deduction allowed by division (A)(14) of this section does not apply to medical savings account deposits and earnings otherwise deducted or excluded for the current or any other taxable year from the taxpayer's federal adjusted gross income.

(15)(a) Add an amount equal to the funds withdrawn from a medical savings account during the taxable year, and the net investment earnings on those funds, when the funds withdrawn were used for any purpose other than to reimburse an account holder for, or to pay, eligible medical expenses, in accordance with section 3924.66 of the Revised Code;

(b) Add the amounts distributed from a medical savings account under division (A)(2) of section 3924.68 of the Revised Code during the taxable year.

(16) Add any amount claimed as a credit under section 5747.059 of the Revised Code to the extent that such amount satisfies either of the following:

(a) The amount was deducted or excluded from the computation of the taxpayer's federal adjusted gross income as required to be reported for the taxpayer's taxable year under the Internal Revenue Code;

(b) The amount resulted in a reduction of the taxpayer's federal adjusted gross income as required to be reported for any of the taxpayer's taxable years under the Internal Revenue Code.

(17) Deduct the amount contributed by the taxpayer to an individual development account program established by a county department of job and family services pursuant to sections 329.11 to 329.14 of the Revised Code for the purpose of matching funds deposited by program participants. On request of the tax commissioner, the taxpayer shall provide any information that, in the tax commissioner's opinion, is necessary to establish the amount deducted under division (A)(17) of this section.

(18) Beginning in taxable year 2001 but not for any taxable year beginning after December 31, 2005, if the taxpayer is married and files a joint return and the combined federal adjusted gross income of the taxpayer and the taxpayer's spouse for the taxable year does not exceed one hundred thousand dollars, or if the taxpayer is single and has a federal adjusted gross income for the taxable year not exceeding fifty thousand dollars, deduct amounts paid during the taxable year for qualified tuition and fees paid to an eligible institution for the taxpayer, the taxpayer's spouse, or any dependent of the taxpayer, who is a resident of this state and is enrolled in or attending a program that culminates in a degree or diploma at an eligible institution. The deduction may be claimed only to the extent that qualified tuition and fees are not otherwise deducted or excluded for any taxable year from federal or Ohio adjusted gross income. The deduction may not be claimed for educational expenses for which the taxpayer claims a credit under section 5747.27 of the Revised Code.

(19) Add any reimbursement received during the taxable year of any amount the taxpayer deducted under division (A)(18) of this section in any previous taxable year to the extent the amount is not otherwise included in Ohio adjusted gross income.

(20)(a)(i) Add five-sixths of the amount of depreciation expense allowed by subsection (k) of section 168 of the Internal Revenue Code, including the taxpayer's proportionate or distributive share of the amount of depreciation expense allowed by that subsection to a pass-through entity in which the taxpayer has a direct or indirect ownership interest.

(ii) Add five-sixths of the amount of qualifying section 179 depreciation expense, including a person's proportionate or distributive share of the amount of qualifying section 179 depreciation expense allowed to any

pass-through entity in which the person has a direct or indirect ownership. For the purposes of this division, "qualifying section 179 depreciation expense" means the difference between (I) the amount of depreciation expense directly or indirectly allowed to the taxpayer under section 179 of the Internal Revenue Code, and (II) the amount of depreciation expense directly or indirectly allowed to the taxpayer under section 179 of the Internal Revenue Code as that section existed on December 31, 2002.

The tax commissioner, under procedures established by the commissioner, may waive the add-backs related to a pass-through entity if the taxpayer owns, directly or indirectly, less than five per cent of the pass-through entity.

(b) Nothing in division (A)(20) of this section shall be construed to adjust or modify the adjusted basis of any asset.

(c) To the extent the add-back required under division (A)(20)(a) of this section is attributable to property generating nonbusiness income or loss allocated under section 5747.20 of the Revised Code, the add-back shall be situated to the same location as the nonbusiness income or loss generated by the property for the purpose of determining the credit under division (A) of section 5747.05 of the Revised Code. Otherwise, the add-back shall be apportioned, subject to one or more of the four alternative methods of apportionment enumerated in section 5747.21 of the Revised Code.

(d) For the purposes of division (A) of this section, net operating loss carryback and carryforward shall not include five-sixths of the allowance of any net operating loss deduction carryback or carryforward to the taxable year to the extent such loss resulted from depreciation allowed by section 168(k) of the Internal Revenue Code and by the qualifying section 179 depreciation expense amount.

(21)(a) If the taxpayer was required to add an amount under division (A)(20)(a) of this section for a taxable year, deduct one-fifth of the amount so added for each of the five succeeding taxable years.

(b) If the amount deducted under division (A)(21)(a) of this section is attributable to an add-back allocated under division (A)(20)(c) of this section, the amount deducted shall be situated to the same location. Otherwise, the add-back shall be apportioned using the apportionment factors for the taxable year in which the deduction is taken, subject to one or more of the four alternative methods of apportionment enumerated in section 5747.21 of the Revised Code.

(c) No deduction is available under division (A)(21)(a) of this section with regard to any depreciation allowed by section 168(k) of the Internal Revenue Code and by the qualifying section 179 depreciation expense amount to the extent that such depreciation resulted in or increased a federal net operating loss carryback or carryforward to a taxable year to which division (A)(20)(d) of this section does not apply.

(22) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income for the taxable year, the amount the taxpayer received during the taxable year as reimbursement for life insurance premiums under section 5919.31 of the Revised Code.

(23) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income for the taxable year, the amount the taxpayer received during the taxable year as a death benefit paid by the adjutant general under section 5919.33 of the Revised Code.

(24) Deduct, to the extent included in federal adjusted gross income and not otherwise allowable as a deduction or exclusion in computing federal or Ohio adjusted gross income for the taxable year, military pay and allowances received by the taxpayer during the taxable year for active duty service in the United States army, air force, navy, marine corps, or coast guard or reserve components thereof or the national guard. The deduction may not be claimed for military pay and allowances received by the taxpayer while the taxpayer is stationed in this state.

(25) Deduct, to the extent not otherwise allowable as a deduction or exclusion in computing federal or Ohio adjusted gross income for the taxable year and not otherwise compensated for by any other source, the amount of qualified organ donation expenses incurred by the taxpayer during the taxable year, not to exceed ten thousand dollars. A taxpayer may deduct qualified organ donation expenses only once for all taxable years beginning with taxable years beginning in 2007.

For the purposes of division (A)(25) of this section:

(a) "Human organ" means all or any portion of a human liver, pancreas, kidney, intestine, or lung, and any portion of human bone marrow.

(b) "Qualified organ donation expenses" means travel expenses, lodging expenses, and wages and salary forgone by a taxpayer in connection with the taxpayer's donation, while living, of one or more of the taxpayer's human organs to another human being.

(26) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income for the taxable year, amounts received by the taxpayer as retired military personnel pay for service in the United States army, navy, air force, coast guard, or marine corps or reserve components thereof, or the national guard, or received by the surviving spouse or former spouse of such a taxpayer under the survivor benefit plan on account of such a taxpayer's death. If the taxpayer receives income on account of retirement paid under the federal civil service retirement system or federal employees retirement system, or under any successor retirement program enacted by the congress of the United States that is established and maintained for retired employees of the United States government, and such retirement income is based, in whole or in part, on credit for the taxpayer's military service, the deduction allowed under this division shall include only that portion of such retirement income that is attributable to the taxpayer's military service, to the extent that portion of such retirement income is otherwise included in federal adjusted gross income and is not otherwise deducted under this section. Any amount deducted under division (A)(26) of this section is not included in a taxpayer's adjusted gross income for the purposes of section 5747.055 of the Revised Code. No amount may be deducted under division (A)(26) of this section on the basis of which a credit was claimed under section 5747.055 of the Revised Code.

(27) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income for the taxable year, the amount the taxpayer received during the taxable year from the military injury relief fund created in section 5101.98 of the Revised Code.

(28) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income for the taxable year, the amount the taxpayer received as a veterans bonus during the taxable year from the Ohio department of veterans services as authorized by Section 2r of Article VIII, Ohio Constitution.

(29) Deduct, to the extent not otherwise deducted or excluded in computing federal or Ohio adjusted gross income for the taxable year, any loss from wagering transactions that is allowed as an itemized deduction under section 165 of the Internal Revenue Code and that the taxpayer deducted in computing federal taxable income.

(ii) A person who was domiciled in this state for the purposes of this chapter when the person directly or indirectly transferred assets to an irrevocable trust, but only if at least one of the trust’s qualifying beneficiaries is domiciled in this state for the purposes of this chapter during all or some portion of the trust’s current taxable year;

(iii) A person who was domiciled in this state for the purposes of this chapter when the trust document or instrument or part of the trust document or instrument

became irrevocable, but only if at least one of the trust’s qualifying beneficiaries is a resident domiciled in this state for the purposes of this chapter during all or some portion of the trust’s current taxable year. If a trust document or instrument became irrevocable upon the death of a person who at the time of death was domiciled in this state for purposes of this chapter, that person is a person described in division (I)(3)(a)(iii) of this section.

(b) A trust is irrevocable to the extent that the transferor is not considered to be the owner of the net assets of the trust under sections 671 to 678 of the Internal Revenue Code.

(c) With respect to a trust other than a charitable lead trust, “qualifying beneficiary” has the same meaning as “potential current beneficiary” as defined in section 1361(e)(2) of the Internal Revenue Code, and with respect to a charitable lead trust “qualifying beneficiary” is any current, future, or contingent beneficiary, but with respect to any trust “qualifying beneficiary” excludes a person or a governmental entity or instrumentality to any of which a contribution would qualify for the charitable deduction under section 170 of the Internal Revenue Code.

(d) For the purposes of division (I)(3)(a) of this section, the extent to which a trust consists directly or indirectly, in whole or in part, of assets, net of any related liabilities, that were transferred directly or indirectly, in whole or part, to the trust by any of the sources enumerated in that division shall be ascertained by multiplying the fair market value of the trust’s assets, net of related liabilities, by the qualifying ratio, which shall be computed as follows:

(i) The first time the trust receives assets, the numerator of the qualifying ratio is the fair market value of those assets at that time, net of any related liabilities, from sources enumerated in division (I)(3)(a) of this section. The denominator of the qualifying ratio is the fair market value of all the trust’s assets at that time, net of any related liabilities.

(ii) Each subsequent time the trust receives assets, a revised qualifying ratio shall be computed. The numerator of the revised qualifying ratio is the sum of (1) the fair market value of the trust’s assets immediately prior to the subsequent transfer, net of any related liabilities, multiplied by the qualifying ratio last computed without regard to the subsequent transfer, and (2) the fair market value of the subsequently transferred assets at the time transferred, net of any related liabilities.

ties, from sources enumerated in division (l)(3)(a) of this section. The denominator of the revised qualifying ratio is the fair market value of all the trust's assets immediately after the subsequent transfer, net of any related liabilities.

(iii) Whether a transfer to the trust is by or from any of the sources enumerated in division (l)(3)(a) of this section shall be ascertained without regard to the domicile of the trust's beneficiaries.

(e) For the purposes of division (l)(3)(a)(i) of this section:

(i) A trust is described in division (l)(3)(e)(i) of this section if the trust is a testamentary trust and the testator of that testamentary trust was domiciled in this state at the time of the testator's death for purposes of the taxes levied under Chapter 5731. of the Revised Code.

(ii) A trust is described in division (l)(3)(e)(ii) of this section if the transfer is a qualifying transfer described in any of divisions (l)(3)(f)(i) to (vi) of this section, the trust is an irrevocable inter vivos trust, and at least one of the trust's qualifying beneficiaries is domiciled in this state for purposes of this chapter during all or some portion of the trust's current taxable year.

(f) For the purposes of division (l)(3)(e)(ii) of this section, a "qualifying transfer" is a transfer of assets, net of any related liabilities, directly or indirectly to a trust, if the transfer is described in any of the following:

(i) The transfer is made to a trust, created by the decedent before the decedent's death and while the decedent was domiciled in this state for the purposes of this chapter, and, prior to the death of the decedent, the trust became irrevocable while the decedent was domiciled in this state for the purposes of this chapter.

(ii) The transfer is made to a trust to which the decedent, prior to the decedent's death, had directly or indirectly transferred assets, net of any related liabilities, while the decedent was domiciled in this state for the purposes of this chapter, and prior to the death of the decedent the trust became irrevocable while the decedent was domiciled in this state for the purposes of this chapter.

(iii) The transfer is made on account of a contractual relationship existing directly or indirectly between the transferor and either the decedent or the estate of the decedent at any time prior to the date of the decedent's death, and the decedent was domiciled in this state at the time of death for purposes of the taxes levied under Chapter 5731. of the Revised Code.

(iv) The transfer is made to a trust on account of a contractual relationship existing directly or indirectly between the transferor and another person who at the time of the decedent's death was domiciled in this state for purposes of this chapter.

(v) The transfer is made to a trust on account of the will of a testator who was domiciled in this state at the time of the testator's death for purposes of the taxes levied under Chapter 5731. of the Revised Code.

(vi) The transfer is made to a trust created by or caused to be created by a court, and the trust was directly or indirectly created in connection with or as a result of the death of an individual who, for purposes of the taxes levied under Chapter 5731. of the Revised Code, was domiciled in this state at the time of the individual's death.

(g) The tax commissioner may adopt rules to ascertain the part of a trust residing in this state.

Except as otherwise provided in this division, in August of each year, the tax commissioner shall make a new adjustment to the income amounts prescribed in this division by multiplying the percentage increase in the gross domestic product deflator computed that year under section 5747.025 of the Revised Code by each of the income amounts resulting from the adjustment under this division in the preceding year, adding the resulting product to the corresponding income amount resulting from the adjustment in the preceding year, and rounding the resulting sum to the nearest multiple of fifty dollars. The tax commissioner also shall recompute each of the tax dollar amounts to the extent necessary to reflect the new adjustment of the income amounts. The rates of taxation shall not be adjusted.

The adjusted amounts apply to taxable years beginning in the calendar year in which the adjustments are made and to taxable years beginning in each ensuing calendar year until a calendar year in which a new adjustment is made pursuant to this division. The tax commissioner shall not make a new adjustment in any year in which the amount resulting from the adjustment would be less than the amount resulting from the adjustment in the preceding year. The commissioner shall not make a new adjustment for taxable years beginning in 2013, 2014, or 2015.

(B) If the director of budget and management makes a certification to the tax commissioner under division (B) of section 131.44 of the Revised Code, the amount of tax as determined under division (A) of this section shall be reduced by the percentage prescribed in that certification for taxable years beginning in the calendar year in which that certification is made.

(C) The levy of this tax on income does not prevent a municipal corporation, a joint economic development zone created under section 715.691, or a joint economic development district created under section 715.70 or 715.71 or sections 715.72 to 715.81 of the Revised Code from levying a tax on income.

(D) This division applies only to taxable years of a trust beginning in 2002 or thereafter.

(1) The tax imposed by this section on a trust shall be computed by multiplying the Ohio modified taxable income of the trust by the rates prescribed by division (A) of this section.

(2) A resident trust may claim a credit against the tax computed under division (D) of this section equal to the lesser of (1) the tax paid to another state or the District of Columbia on the resident trust's modified nonbusiness income, other than the portion of the resident trust's nonbusiness income that is qualifying

investment income as defined in section 5747.012 of the Revised Code, or (2) the effective tax rate, based on modified Ohio taxable income, multiplied by the resident trust's modified nonbusiness income other than the portion of the resident trust's nonbusiness income that is qualifying investment income. The credit applies before any other applicable credits.

(3) The credits enumerated in divisions (A)(1) to (13) of section 5747.98 of the Revised Code do not apply to a trust subject to division (D) of this section. Any credits enumerated in other divisions of section 5747.98 of the Revised Code apply to a trust subject to division (D) of this section. To the extent that the trust distributes income for the taxable year for which a credit is available to the trust, the credit shall be shared by the trust and its beneficiaries. The tax commissioner and the trust shall be guided by applicable regulations of the United States treasury regarding the sharing of credits.

(E) For the purposes of this section, "trust" means any trust described in Subchapter J of Chapter 1 of the Internal Revenue Code, excluding trusts that are not irrevocable as defined in division (I)(3)(b) of section 5747.01 of the Revised Code and that have no modified Ohio taxable income for the taxable year, charitable remainder trusts, qualified funeral trusts and preneed funeral contract trusts established pursuant to sections 4717.31 to 4717.38 of the Revised Code that are not qualified funeral trusts, endowment and perpetual care trusts, qualified settlement trusts and funds, designated settlement trusts and funds, and trusts exempted from taxation under section 501(a) of the Internal Revenue Code.

ORC 5747.025 – Personal Exemptions

The commissioner shall not make such an adjustment in any calendar year in which the amount resulting from the adjustment would be less than the amount resulting from the adjustment in the preceding calendar year.

ORC 5747.04 – Attributing Tax Receipts to County

All reports, returns, and payments required of a taxpayer or employer by this chapter, except payments by electronic funds transfer as required under section 5747.072 of the Revised Code, shall be filed with the tax commissioner.

Upon receipt by him of any payments under this chapter arising from a tax imposed under section 5747.02 of the Revised Code, the commissioner shall estimate and annually reconcile and determine for any amount paid by or on behalf of any taxpayer and for any amount shown due or owed to any taxpayer, the county to which such amount is attributable. The county of attribution is the county in which the taxpayer was a resident for one more than half of the number of days of the payroll period during which any income subject

to taxation under this chapter was earned or, in the case of a nonresident taxpayer, his principal county of employment. If there is no payroll period to which such income can be attributed, the county of attribution is the county in which the taxpayer resided at the time he received such income.

The commissioner shall adopt such rules, including a requirement that each taxpayer indicate his school district of residence on his tax return, as are reasonably necessary to insure the efficient administration of this section and the distribution required by division (B) of section 5747.03 of the Revised Code.

(C) The taxpayer shall claim the credit for the taxpayer's taxable year in which ends the qualifying entity's qualifying taxable year. (E) If a husband and wife file a joint federal income tax return for a taxable year, they shall file a joint return under this section for that taxable year, and their liabilities are joint and several, but, if the federal income tax liability of either spouse is determined on a separate federal income tax return, they shall file separate returns under this section.

If either spouse is not required to file a federal income tax return and either or both are required to file a return

pursuant to this chapter, they may elect to file separate or joint returns, and, pursuant to that election, their liabilities are separate or joint and several. If a husband and wife file separate returns pursuant to this chapter, each must claim the taxpayer's own exemption, but not both, as authorized under section 5747.02 of the Revised Code on the taxpayer's own return.

ORC 5747.08(F) – Filing Income Tax Return

(F) Each return or notice required to be filed under this section shall contain the signature of the taxpayer or the taxpayer's duly authorized agent and of the person who prepared the return for the taxpayer, and shall

Upon good cause shown, the tax commissioner may extend the period for filing any notice or return required to be filed under this section and may adopt rules relating to extensions. If the extension results in an extension of time for the payment of any state or school district income tax liability with respect to which the return is filed, the taxpayer shall pay at the time the tax liability is paid an amount of interest computed at the rate per annum prescribed by section 5703.47 of the Revised Code on that liability from the time that payment is due without extension to the time of ac-

If the tax commissioner considers it necessary in order to ensure the payment of the tax imposed by section 5747.02 of the Revised Code or any tax imposed under Chapter 5748. of the Revised Code, the tax commissioner may require returns and payments to be made otherwise than as provided in this section.

To the extent that any provision in this division conflicts with any provision in section 5747.026 of the Revised Code, the provision in that section prevails.

The investor

shall claim the credit for the investor's taxable year in which or with which ends the taxable year of the pass-through entity. Nothing in this chapter shall be construed to allow any credit provided in this chapter to be claimed more than once. For the purpose of computing any interest, penalty, or interest penalty, the investor shall be deemed to have paid the refundable credit provided by this division on the day that the pass-through entity paid the estimated tax or the tax giving rise to the credit.

(4) For the fourth payment of estimated taxes each year, ninety per cent of the tax liability, less the amount of taxes paid by the date prescribed for that payment.

The period of the underpayment shall run from the day the estimated payment was required to be made to the date on which the payment is made. For purposes of this section, a payment of estimated taxes on or before any payment date shall be considered a payment of any previous underpayment only to the extent the payment of estimated taxes exceeds the amount of the payment presently required to be paid to avoid any penalty.

The interest penalty imposed under division (D) of this section shall be in lieu of any other interest charge or penalty imposed for failure to file an estimated return and make estimated payments as required by this section.

(E) An underpayment of estimated taxes determined under division (D) of this section shall be due to reasonable cause and the interest penalty imposed by this section shall not be added to the taxes for the tax year if either of the following apply:

The tax commissioner shall subtract the amount of the contribution from the amount of the refund initially found due the taxpayer and shall certify the difference to the director of budget and management and treasurer of state for payment to the taxpayer in accordance with section 5747.11 of the Revised Code. For the purpose of any subsequent determination of the taxpayer's net tax payment, the contribution shall be considered a part of the refund paid to the taxpayer.

The commissioner shall make an additional determination no later than the thirty-first day of January of each year of the total amount contributed to each fund under this section during the preceding four calendar months, any adjustments to prior years made during that four-month period, and the cost to the department of taxation of administering the income tax contribution system during that period. The cost of administering the income tax contribution system shall be certified by the tax commissioner to the director of budget and management, who shall transfer an amount equal to one-fifth of such administrative costs from each of the five funds to the income tax contribution fund, which is hereby created, provided that the moneys that the department receives to pay the cost of administering the income tax refund contribution system in any year shall not exceed two and one-half per cent of the total amount contributed under that system during that year.

In such a case, the tax commissioner shall remove the space dedicated to the fund on the income tax return and the description of the fund in the instructions accompanying the income tax return.

ORC 5747.24 – Presumption of Domicile

This section is to be applied solely for the purposes of Chapters 5747. and 5748. of the Revised Code.

(A) As used in this section :

(1) An individual “has one contact period in this state” if the individual is away overnight from the individual’s abode located outside this state and while away overnight from that abode spends at least some portion, however minimal, of each of two consecutive days in this state.

(2) An individual is considered to be “away overnight from the individual’s abode located outside this state” if the individual is away from the individual’s abode located outside this state for a continuous period of time, however minimal, beginning at any time on one day and ending at any time on the next day.

(B) (1) Except as provided in division (B)(2) of this section, an individual who during a taxable year has no more than one hundred eighty-two contact periods in this state, which need not be consecutive, and who during the entire taxable year has at least one abode outside this state, is presumed to be not domiciled in this state during the taxable year if, on or before the fifteenth day of the fourth month following the close of the taxable year, the individual files with the tax commissioner, on the form prescribed by the commissioner, a statement from the individual verifying that the individual was not domiciled in this state under this division during the taxable year. In the statement, the individual shall verify both of the following:

(a) During the entire taxable year, the individual was not domiciled in this state;

(b) During the entire taxable year, the individual had at least one abode outside this state. The individual shall specify in the statement the location of each such abode outside this state.

The presumption that the individual was not domiciled in this state is irrebuttable unless the individual fails to timely file the statement as required or makes a false statement. If the individual fails to file the statement as required or makes a false statement, the individual is presumed under division (C) of this section to have been domiciled in this state the entire taxable year.

In the case of an individual who dies before the statement would otherwise be due, the personal representative of the estate of the deceased individual may comply with this division by making to the best of the representative’s knowledge and belief the statement under division (B)(1) of this section with respect to the deceased individual, and filing the statement with the commissioner within the

later of the date the statement would otherwise be due or sixty days after the date of the individual’s death.

An individual or personal representative of an estate who knowingly makes a false statement under division (B)(1) of this section is guilty of perjury under section 2921.11 of the Revised Code.

(2) Division (B) of this section does not apply to an individual changing domicile from or to this state during the taxable year. Such an individual is domiciled in this state for that portion of the taxable year before or after the change, as applicable.

(C) An individual who during a taxable year has fewer than one hundred eighty-three contact periods in this state, which need not be consecutive, and who is not irrebuttably presumed under division (B) of this section to be not domiciled in this state with respect to that taxable year, is presumed to be domiciled in this state for the entire taxable year, except as provided in division (B)(2) of this section. An individual can rebut this presumption for any portion of the taxable year only with a preponderance of the evidence to the contrary. An individual who rebuts the presumption under this division for any portion of the taxable year is presumed to be domiciled in this state for the remainder of the taxable year for which the individual does not provide a preponderance of the evidence to the contrary.

(D) An individual who during a taxable year has at least one hundred eighty-three contact periods in this state, which need not be consecutive, is presumed to be domiciled in this state for the entire taxable year, except as provided in division (B)(2) of this section. An individual can rebut this presumption for any portion of the taxable year only with clear and convincing evidence to the contrary. An individual who rebuts the presumption under this division for any portion of the taxable year is presumed to be domiciled in this state for the remainder of the taxable year for which the individual does not provide clear and convincing evidence to the contrary.

(E) If the tax commissioner challenges the number of contact periods an individual claims to have in this state during a taxable year, the individual bears the burden of proof to verify such number, by a preponderance of the evidence. An individual challenged by the commissioner is presumed to have a contact period in this state for any period for which the individual does not prove by a preponderance of the evidence that the individual had no such contact period.

A nonrefundable credit is allowed against the tax imposed under section 5747.02 of the Revised Code for a displaced worker who pays for job training to enhance his ability to get a new job. The amount of the credit equals the lesser of five hundred dollars or fifty per cent of the amount paid for job training during the twelve-month period beginning when he loses or leaves his job and becomes displaced. However, if the worker receives reimbursement for his job training expenses from any source, the amount of the credit equals the lesser of five hundred dollars or fifty per

cent of the amount obtained by subtracting the reimbursement from the amount paid for job training during that twelve-month period. The credit shall be claimed for the taxable year in which the worker pays for the job training. If the twelve-month period after he loses or leaves his job extends over two taxable years and the worker pays for job training in both those taxable years, the worker may claim the credit for both those taxable years, but the aggregate amount claimed shall not exceed five hundred dollars. The worker shall claim the credit in the order required under section 5747.98 of the Revised Code. The credit for a taxable year shall not exceed the worker’s tax liability for that year after allowing for any other credit that precedes the credit under this section in that order.

(A) “Minor child” means a person under eighteen years of age.

(B) “Legally adopt” means to adopt a minor child pursuant to Chapter 3107. of the Revised Code, or pursuant to the laws of any other state or nation if such an adoption is recognizable under section 3107.18 of the Revised Code. For the purposes of this section, a minor child is legally adopted when the final decree or order of adoption is issued by the proper court under the laws of the state or nation under which the child is adopted, or, in the case of an interlocutory order of adoption, when the order becomes final under the laws of the state or nation. “Legally adopt” does not include the adoption of a minor child by the child’s stepparent.

If the sum of the credit to which the taxpayer would otherwise be entitled under this section is greater than the tax due under section 5747.02 of the Revised Code for that taxable year after allowing for any other credits that precede the credit under this section in the order required under section 5747.98 of the Revised Code, such excess shall be allowed as a credit in each of the ensuing two taxable years, but the amount of any excess credit allowed in any such taxable year shall be deducted from the balance carried forward to the ensuing taxable year. The credit shall be claimed in the order required under section 5747.98 of the Revised Code. The taxpayer shall claim the credit for the taxpayer's taxable year that includes the last day of the pass-through entity's taxable year. If the amount of the credit exceeds the amount of tax otherwise due under section 5747.02 of the Revised Code after deduction of all other credits in that order, the taxpayer is entitled to a refund of the excess.

The combined amount of contributions and purchases deducted in any taxable year by a taxpayer or the taxpayer and the taxpayer's spouse, regardless of whether the taxpayer and the taxpayer's spouse file separate returns or a joint return, is limited to two thousand dollars for each beneficiary for whom contributions or purchases are made.
